By Learn English With Africa

## Chorus

A job is a job  
And this is what I know  
In Malawi, Uganda  
A job is a job  
In Malaysia, Sri Lanka  
A job is a job  
A job is a job  
And this is what I know × 2

## Verse 1

A job is a job  
And this is what I know  
An activity, a duty  
You have to give more  
Qualities, abilities  
Responsibilities  
You have to give more  
And more to your job

A job is a job  
And this is what I know  
It's a means to earn money  
It's a means of contributing  
To society, humanity  
It's a means of staying alive  
A job is a job

A full-time job  
Or a part-time job  
An exciting job  
Or a lousy job  
A delightful job  
Or a boring job  
A fulfilling job  
Or an emptying job

## Chorus

A job is a job  
And this is what I know  
In Malawi, Uganda  
A job is a job

And this is what I know × 2

It can make you empty
